

## 2014 Looking Glass Marlborough Sauvignon Blanc

After an early budburst and positive flowering conditions, The 2014 vintage in Marlborough was drenched in sunshine for most of the spring and summer. The consistent weather allowed slow, even ripening, and good fruit development. Picking started a little earlier than usual, but with patience, we were rewarded with balanced wines and complex enhanced flavours

We are passionate about making distinctive wines, made from premium fruit, sourced from committed local growers.

Our grapes were selected from vineyards in the Awatere, and the more northern Wairau and Waihopai Valleys.

The fruit was picked after the long dry season with typically cool nights.

The Looking Glass Sauvignon Blanc has delicious and vibrant aromas of lime, tropical fruits, peach and white chocolate, with pear, passion fruit and greengage notes concentrated on the palate.

A complete wine with lovely lingering flavours.

An elegant, refined and classic Marlborough Sauvignon Blanc.
