Looking Glass Marlborough Sauvignon Blanc 2008

Liquid sunshine; the Sauvignon Blanc is being raved about by our customers, for its 'subtly intense' aromas and flavours, and its' pure drinkability.

The wine is perfect to drink in our climate, and it is a great combination with a range of food styles

The Looking Glass Sauvignon Blanc has fruit complexity due to the grapes being sourced from different and complementary vineyards in Marlborough.

Characters in the wine reflect the cooler Awatere Valley, and the more moderate Waihopai and Wratts Road regions.

The fresh, bright, clean aromas and flavours of peach/pineapple fruit, ripe capsicum, and zingy nettle are integrated into a medium bodied, intensely flavoured wine, with lingering fruit.
