

Looking Glass Wines 2009

∞

Jane Osborne and Kirsty Glaetzer are excited to present three new release wines from Looking Glass Wines, produced with stylish new labelling.

2009 Marlborough Sauvignon Blanc, 2009 Watervale Riesling and 2008 Barossa Valley Grenache Shiraz Mourvedre.

∞

All continue to follow our philosophy of producing quality, approachable wines- ideal with a range of foods, and social occasions; wines which strongly reflect the grape variety and region from which they are grown.

The **2009 Marlborough Sauvignon Blanc** is again a very exciting wine with intense tropical, passionfruit, gooseberry, and delicate herbal, nettle and tomato vine flavours. This is due to the blending of vineyards in three distinct grape growing regions within Marlborough.

We have made a different, modern, and funky style- but still a classic and complex wine.

The result is perfect for Spring drinking, (and all seasons), with refreshing acid, and excellent fruit length.

***Winestate Magazine; 4 Stars for the 2009 wine

\$16.00 / bottle as a full 12 bottle case

∞

The **2009 Watervale Riesling** is an intense, perfumed wine- reflecting the specific regional characters of mineral and citrus. Delicious and elegant now, this Riesling will age graciously.

\$16.00 / bottle as a full 12 bottle case

∞

The **2008 Grenache Shiraz Mourvedre** is made from superb parcels of Barossa Valley fruit. Medium to full bodied, it has lifted spicy, berry, and savoury characters. The rustic varieties when blended have made a pure, traditional wine. The wine is a gratifying alternative style.

\$18.00/ bottle as a full 12 bottle case
